**Summer Programs Abroad**  
**Coronavirus Statement**

---

In light of the developing coronavirus outbreak, we will be monitoring all of our program locations for health and safety over the coming months.

Please note that we will not cancel a program unless the Government of Canada issues an advisory warning or travel ban. Rest assured, however, that student safety is our top priority: we will do all we can to ensure that parents, students, and staff are advised about proper precautions ahead of travel to guarantee an incredible summer experience with Global Journeys Academy.

Our cancellation policy remains the same, but we will review our policy on an ongoing basis as conditions change. Please stay tuned for further updates – we appreciate your patience.
